THE AMERICAN LEGION

Veterans of the World War Organizing in Tennessee.

The veterans of the World War are organizing in this state as the Tennessee branch of the American Legion. Local posts are being formed throughout the state and a convention of delegates from these posts will be held at Nashville in September, when a permanent state organization will be effected.

William J. Bacon, Goodbar Building, Memphis, Tenn., has been made temporary state secretary and organizer. Application blanks for a local post charter and all necessary information may be secured from him.

All men who were in the service in the army, navy or marine corps between the declaration of war against Germany and the signing of the armistice are eligible to membership. Only 15 members are required to organize a local post and secure a charter.

If you wish representation at the Nashville State convention, organize a post in your home community and send your delegates to the state convention so that you may have an active part in the formal organizing of the veterans of Tennessee.
